Enraged Husband Also "Shoots" Himself — Everybody Collapses—Falls Unconscious— Policeman Hears Shots, Rushes Them to Hospital

Philadelphia, July 17. — David Pettyman, 39, came home from work and found his pretty 21-year-old wife Ruth, serving tea to Sidney West, 25, of New York.

Whipping out a revolver Pettyman took aim and fired at his wife. The young woman slumped to the floor unconscious.

Turning the revolver to West, the enraged man fired again and the visitor collapsed.

Pettyman then placed the revolver against his heart and pulled the trigger. He too fell unconscious.

Policeman Hall, who was near the Pettyman home, heard the shots. He rushed to the scene, carried the unconscious forms from the house and had the three victims of the shooting rushed to a hospital in a passing motor car.

Physicians and nurses at the hospital searched the three persons for bullet wounds. None were found.

Police discovered the gun Pettyman used was filled with blank cartridges.

A glass of water in the face of the victims revived them. All three had fainted.

Today Pettyman will be arraigned on a charge of assault and battery, while Mrs. Pettyman and West will face charges of disorderly conduct.

PROVINCE VOTES FOR CONTROL OF BOOZE SALES

Ottawa, Ont., July 17—By more than a 10,000 majority, the province of Saskatchewan has voted in favor of government control of liquor sales, official figures showed today.

Premier Howard Ferguson announced today that Ontario would have a similar election October 23. Already anti-prohibition propaganda is flooding the province.

Should Ontario also vote in favor of government control, there will be only three dry provinces left in Canada. These are Nova Scotia, Prince Edward Islands, and New Brunswick.

Big Coal Men Are To Speak At A Banquet

Walter Barnum, treasurer of the Pacific Coast company of Seattle, Wash., the largest coal producer in the west, and Harry Gandy, secretary of the National Coal Association, will be the two principal speakers at the second annual Banquet of the Fayette-Greene Coal Producers' association of the Connellsville coal and coke region to be held at the Summit hotel on the National pike east of Uniontown, on the evening of Thursday, July 31.

Invitations already have been mailed to scores of coal and coke operators in Washington, Wheeling, W. Va., Pittsburgh, Cleveland, Fairmont, W. Va., Morgantown, W. Va., and other towns in the Tri-State region. Indications already point to the fact that practically every operator who is in receipt of an invitation will accept.

In addition to the two principal speakers two of the best known railroad men in the United States are expected to be in attendance. Just who they will be remains a secret, the committee in charge wishing to

OFFICER TURNS TABLE ON TWO THIEVES

Pittsburgh, July 17.—After gaining his release from two freight thieves, who had seized him along the Pennsylvania railroad near East Pittsburgh, Lieutenant Roy H. Jackson, a railroad detective, today suddenly whipped a revolver from his pocket and shot the men.

One of the men, E. K. Haker of Braddock, is believed to be dying in the Braddock General hospital. William Morrow, the other alleged thief, was shot in the leg.

MAN TIRES OF MUNDANE SPHERE

Thomas Black, aged 40, of Avella, died in the hospital at Washington last night from wounds he inflicted upon himself with suicidal intent.

Despondent and "disgusted with life," as he expressed it, Black hacked his throat in three places, committing the deed at his home in Avella. He was rushed to the hospital at the county seat for treatment Tuesday afternoon.

Weakened by the loss of blood, the man's vitality was not sufficient to withstand the shock of the three deep and ragged gashes he had made in his throat.

Black was a married man, but our information is to the effect that none survive but his widow.

Coroner William Greenlee was notified of the tragedy and issued a permit for the removal of the body to Avella to be prepared for burial and the funeral services.

WORK ON LOCK 3 PROGRESSES

Federal engineers expect to complete concrete in the lower guide wall of Lock No. 3, near Elizabeth, within the next 10 days.

Labor will then be started in removing the coffer dam preparatory to opening the lock chamber for navigation. When the new lock is in operation it will do much to facilitate navigation, as boats will be able to pass through without having to break their tows.

The improvement is one of the most important that has ever been made to the locks on the Monongahela river.

Thugs Scared Away After A House Entrance

Burglars gained an entrance to the Charles Wallace residence in Monongahela at 2 o'clock Tuesday morning, but were frightened away before anything of value was taken. Entrance was gained by jimmying a cellar window.

Mrs. Wallace heard the thieves in the cellar and sounded an alarm. Neighbors made an investigation, but no trace of the prowlers could be found, albeit two men were observed in Sheridan street shortly after 1 o'clock.

This is the second occasion within two weeks that attempts have been made to rob homes in the locality in which the Wallace residence is located. The thieves tried to enter a place of business and a house, but were scared away in both instances.

DOLLARS OR LIVES IS HOSPITAL CRY

Slogan Adopted For Campaign to Secure Gifts of Money For Fireproof Building to Serve River Valley Towns

WOODWARD TELLS OF NEED

Director And Ex-President of the Board Says a New Hospital Has Been Needed For Eleven Years, From His Personal Knowledge

Dollars or lives! That is the slogan adopted for the money raising campaign to secure a hospital building fund, General Chairman Kerfoot W. Daly declared this morning in a statement issued from the campaign headquarters in the Borough Building, room 206.

Chairman Daly pointed out that the time had come for the business men and the citizens of this community generally to subscribe for a hospital building fund as there was no other way of ever getting one. The state does not provide funds under any circumstances for hospital construction purposes. Under certain conditions of usefulness the state will advance money to help maintain a hospital where the hospital is doing efficient and gratis work, particularly so far as free patients are concerned.

A hospital is as important an institution in a community as there is, it is stated; and unless this community gets one without delay, one that is fireproof and large enough to take cae of the needs of this community and the valley, serious consequences will be faced in the near future.

The slogan "dollars or lives" is intended to emphasize the choice of money or life. It calls attention to an opportunity to residents of the community to either keep their money and let the people die whom a hospital could save, or subscribe money for a hospital building fund, and thereoy save lives. It is not possible to have a hospital unless the people subscribe the money here to get it.

S. L. Woodward, prominent financier, and a director of the hospital, has this to say regarding the present hospital and the campaign to secure a building fund for a fireproof structure:

"For 11 years I have been a member of the hospital board and four years of this time I served as president of the board: and from the time I was first elected to serve in the capacity of a director, I have

FOUR LABORERS ARE KILLED BY BAD COFFEE

Balboa Heights, Canal Zone, July 17.—Four laborers were killed by fumes from decomposing coffee in the hold of the salvaged Pacific Mail steamer Columbia here yesterday and a diver sent to rescue them was overcome and had to be taken to a hospital.

Man With Murderous Gun Is Sentenced To The County Jail

Henry Taylor, the colored man, arrested yesterday morning by Officer Rome Ross, and held pending a hearing on a charge of being a suspicious person, was haled before Squire J. B. Smith last night, and by that functionary was committed to the county jail. He will have his trial at the August term of court.

When searched, after being arrested, a revolver, one of the longest ever taken from a prisoner at the local lockup, was taken. In the pockets of Taylor was also found an arsenal of cartridges. He is one of the itinerants, apparently, a sort of cosmopolite, who traversed the country, his presence, doubtless, in any community boding no good for the welfare of the citizenry.

The cases of John Willson, Edward Gilmore, Henry Decker, and C. J. Keifer, all charged with being drunk and disorderly, were heard before Burgess J. Bryant Tussing last night. Willson and Gilmore were assessed each, $5 and costs, this being their first appearance before the burgess; while Decker and Keifer, alleged old offenders, were fined $25 and costs each, with the alternative of 30 days in the Allegheny County workhouse.

AIR OF GOOD WILL PREVALENT

London, July 17—American Ambassador Kellogg and Colonel Jas. A. Logan, Jr., placed their services at the disposal of all three inter-allied conference committees today—ready to sit in and speed the preliminary work of the conclave wherever questions might arise requiring their presence.

There was an air of "strictly business"—the MacDonald keynote—about the deliberations today and an atmoshphere of mingled good will and anxiety at the foreign office.

The conference will not meet in plenary session again until the committees have ironed out differerences of opinion over agenda and other matters in dispute.

Today's London newspapers stress the perils of failure but profess to taken heart from the participation of the Americans.

PRESS MANAGER ARRESTED, BNT LATER RELEASED

New York, July 17.—Indicative of the seriousness of the situation in Brazil, where a military rebellion is in progress in the state of Sao Paulo, the United Press today was informed that Charles M. Kinsolving, its manager in Brazil, was arrested in Rio de Janeiro the evening of July 9, charged with attempting to send a message violating the censorship rules established by the government.

Kinsolving was released at 3 a. m. the following day after the American charge d'affaires had interceded. He has been at liberty since that time.

The privilege of sending and receiving cable dispatches was denied both to the United Press and Associated Press July 15.

A VERY UNIQUE WAR MEMORIAL

Lattimer, July 17.—What is considered one of the most unique war memorials in the state stands in front of the offices of Pardee Brothers and Co., here. It is a huge block of anthracite coal weighing between eight and nine tons mounted on a large concrete base and with a bronze tablet on which is inscribed:

"In memory of employes of Pardee Brothers and Co., World War, 1917-1918."

The enormous piece of coal was cut out of one block in a local mine of the company by comrades of the men who fell.

ATTORNEYS ACCUSED OF VICIOUS STORY PROPAGANDA

Chicago, July 17—Attorneys engaged by the millionaire Leopold and Loeb families in an effort to save their sons from the gallows "are spreading vicious propaganda" which is intended to show the boys insane, representatives of the state charged today.

The efense, according to Dr. William O. Krohn, state alienist, is attempting to paint the careers of young Nathan Leopold and Richard Loeb "even blacker than they really are so as to make the world believe the murderers are insane."

Reports circulated that Leopold and Loeb had plotted to murder Loeb's younger brother before they changed their plans and killed 14-year-old Robert Franks instead, were branded as "vicious lies," by Dr. Krohn.

Mistreatment of Pigeon Is Being Investigated-- Arrests May Result

A grey pigeon with dark wings and dark tail, believed to be that which was made the victim of a prank in Avalon on Independence day, was found yesterday morning in the coop owned by C. H. Landefeld, 235 West Main street, Monongahela City. Word has been sent to the Western Pennsylvania Humane Society.

With small rubber bands and strings attached to its legs, the bird was discovered feeding among a large number of pigeons owned by Landefeld. The feet of the bird are swollen and in bad condition, according to Landefeld. It is believed the pigeon was hungry and flew into the coop to get something to eat.

Landefeld said he did not want the reward of $20 offered for the recovery of the pigeon but that he desired to see the proper persons punished.

Agent L. W. Ahn of the Humane Society, said yesterday that steps were being made to have the pigeon shipped to his office and should the pigeon be the one made the victim of the prank, prosecutions will follow as the names of the persons responsible are in the hands of the humane officers.

FIREMEN KILLED IN KANSAS CITY BLAZE

Kansas City, Missouri, July 17. — Two firemen and six negroes were dead, and 28 negroes were missing following an explosion and fire in a negro apartment house here today.

All of the missing are believed to have perished.

Officials said the apartment had but one narrow exit and the explosion, which wrecked the building, is believed to have cut off all chance of escape. The two-story brick structure was enveloped in fire immediately after the explosion. Firemen were trapped under a falling wall.

ONLY 7,000 MILES TO COVER

London, July 17—With but 7,000 miles remaining to be covered before they will have completed their world flight, the U. S. Army aviators took off from Croydon airdome at 11 a. m. today, headed for Europe, near Hull, where their planes will be equipped with pontoons for crossing the Atlantic.

A small group of British air service officials waved forewell and "Bon Voyage" as the three American planes took the air practically simultaneously, soared southward to gain altitude and then swung about and made off on a bee line for Brough. There they will remain until July 25, when the first water flight—to the Orkney slands—will be undertaken.

WESTERN CHINA IS IN PERIL OF FLOODS

Pekin, July 17.—The peril of floods in western China continues grave.

Thus far, the city of Tien Tsin has been spared. Two smaller dikes broke today flooding the district east and west of the city, but those dykes protecting Tein Tsin have held. Thousands of soldiers and coolies are toiling in relays repairing small leaks.

Five villages west of Tien Tsin were inundated and destroyed but the railroad running through the rice lands withstood the waters.

Pekin is still menaced by a river torrent raging 15 miles to the westward, but the capital is thought safe. Approximately 300 brick and mud houses here crumbled.

STATE THAT THERE IS NO CONTROVERSY

At the office of the county commissioners it was stated yesterday that there was no actual controversy on between that office and the county controller, as the latter would have it appear through the medium of a recent interview; that the only point of contention was the fact that the controller had absented himself from his office three days last week, leaving instructions that no bills were to be paid during his absence, despite the fact that there were ample funds in the county treasury.

"It is quite true," it was stated, "that the county borrowed money recently to be used for the payment of current expenses, this often being necessary at this time of the year, before taxes are paid. On Wednesday of last week the county treasurer re-received the sum of approximately $170,000, the proceeds of sale of bonds for road improvement purposes. This sum, together with cash on hand in the county road fund, aggregated more than $189,000. The general fund contained less than this amount, but was in a healthy condition.

"Road estimates amounting to about $90,600 had been presented by contractors engaged on new road work and had been approved by the commissioners for payment. They were direct charges against the road fund, which as stated above, contained an abundance of money to meet them. With these estimates and some other obligations paid the commissioners purposed meeting with the controller on Thursday and arranging for the payment of all, or a large part, of the notes outstanding, providing it were found feasible to do this at that time. If the payment of the notes would require all of the funds on hand then it would obviously be poor policy to pay them in full and within a few days borrow more money."

STORM WRECKS HAVOC IN ST. LOUIS

St. Louis, July 17.—A terrific wind, rain and electric storm swept across Missouri from the southwest and did a large toll of damage to trees, electric lights and power in St. Louis early today.

The storm also swept through Jefferson City, according to reports.

Many parts of the city were left in darkness. Trees and chimneys were knocked down into the streets and boulevards in the fashionable West Side, and many plate glass windows of the outlying districts were smashed.

ANXIETY IS FELT FOR MACLAREN

London, July 17.— Anxiety was felt here today over the fate of Major A. S. C. MacLaren, British world flyer, who is battling the blizzards of the Kuriles Islands in an attempt to cross the northern Pacific from Japan to Alaska.

The airman last was heard from when he hopped off from Yetorofu Island, headed for Paramushira Island, early Wednesday.

America's round-the-world flyers came safely through this dangerous passage of snow and ice earlier in the week, but the capital is thought perilous and difficult of their entire voyage.

Lieut. Lowell Smith, commanding the American flight, assured Mrs. MacLaren, wife of the British aviator who met him yesterday, he was confident her husband would come safely through.

SOLDIER BUCK GETS THE DECISION OVER FAY IN RATTLING BOUT

Excerpts taken from the Louisville, Ky., Herald, state that Soldier Buck, a brother of Mrs. Minnie Bruckner of this place, defeated Harry Fay on points in a great contest.

The Herald, in its writeup of the mill, goes on to say:

"Soldier Buck, pride of Portland, showed the best form of his ring career, outpointed Harry Fay, also now a resident of Louisville, in the 12-round main go of the good card that was offered at the Broadway Arena last night. The best attendance of the season [illegible] and Manager Eddie Heverin was congratulated on all sides for the excellent program that was provided.

"Harry Fay is an improving boxer, and it is that much more to the credit of Buck that he won, and so decisively as to leave nothing to doubt. Buck boxed carefully, he did not miss often, and he employed his left to particularly good effect. Above all he did not lose his head, and start to swinging wildly, which, earlier in his career, cost him a victory which he had spiked down.

"It is a certainty that the two boys will be matched again. They put up the best argument of the season, and Fay's admirers will be wanting to see him given another chance. And whenever they do mix it again, there will be no question as to the sale of seats. They will all be sold."

NEMACOLIN TEAM WINS FROM THE GREENSBURG BUNCH

Golfers of the Greensburg and Nemacolin Country clubs participated in an invitation match at the Nemacolin club yesterday afternoon. The Nemacolin players winning by a score of 37 to 24. Greensburg won over its own course by a close margin in a match played there.

Sam Thompson, "Bucky" Buchanan, and Sid Lewans had the low medal scores for the Nemacolin team, each turning in a 79 card. Fifty-two players participated for each club. Best ball foursomes were played with the nassau system of scoring.

The golf match was followed by a dinner at the clubhouse.

PITTSBURGH BEATEN BY NEW YORK DUE TO KELLY'S HOMER

George Lange Kelly, who hails from California, and is exceedingly fond of oranges, delivered a sickening blow at Forbes Field yesterday when he socked the old tomato and popped a little fly over the left field wall, thereby deciding the fate of the Pirates. This devastating wallop was made in the seventh inning and it also shooed Billy Southworth across the plate and gave the New York Giants their eighth tally of the afternoon. The home fellows managed to run up a total of seven. This 8-7 defeat shunted them back into fourth place, while the Dodgers by splitting a bargain in Redland, regained third position.

Something like 16,000 fans seated themselves in the Oakland ball yard and saw Dazzy Fortune flirt with the Buccaneers on several occasions after they had been knocked so far to the rear that an overwhelming defeat seemed inevitable. The McGrawmen who have been disfiguring base balls in murderous fashion with their bludgeons, on their present western tour, were held to eight safeties yesterday, while their three moundsmen were laced for a dozen blows, but in spite of heavy hitting, the Corsairs failed to overcome a big handicap which developed at the very start of the struggle.

ABE GOLDSTEIN RETAINS TITLE; DEFEATS LEDOUX

Abe Goldstein came through his 15-round battle with Charley Ledoux last night at the New York Velodrome with his title of world's bantamweight champion quite intact, but with his prestige somewhat smeared. Goldstein won all the way and on numerous occasions had the aged Frenchman on the rim of dreamland. But it was Charley Ledoux who received the tumultuous plaudits of the crowd when the fight was over and it was the champion who was jeered. When the veteran challenger left the ring, with a head that was bloody, but anything but bowed, the customers rose up and tossed their straw kellys into the air. He could hardly have received a more vivid ovation had he been carrying the world's bantamweight championship with him.

Goldstein fought one of his typical fights, a battle that was spotted with flashes of brilliancy and a lot of arrant stupidity. Goldstein looked like anything but a champion. On many occasions he could have stopped the 32-year-old Frenchman with one well directed blow, but when a crisis of this sort arose it was the [illegible] He took advantage of Abe's stupidity and weathered successive storms that seemed certain to witness his finish. In the ninth round, Ledoux was down for the count of nine and in the fourteenth he was knocked completely through the ropes but on each of these occasions the champion stood idly by until the challenger had recovered.

Marriage in Papua

In western Papua marriage ceremonies and rites are as wild as the people. A man may buy a wife with pigs, but he prefers to steal her or coax her off by raiding other villages. Then amidst the abominable mud huts she is given an abode wherein to dwell. Hubby would never dream of living with his wife and children. He prefers to live in the men's clubhouse (called a ratu), which is set apart exclusively for married men.

City Is Musical Center

The Moravians have given Bethlehem, Pa., a national reputation as a musical center. Led by Count Nikolaus Zinzendorf they founded the city shortly before Christmas in 1741—the season of the year suggested the name. Benjamin Franklin was strongly impressed with the fine music in their church and toward the close of the Nineteenth century a choir, under the direction of the organist, J. Frederick Wolle, became widely known, rendering for the first time in America Bach's "St. John Passion" (in 1888), followed by "St. Matthew Passion," the "Christmas Oratorios," the "Mass in B Minor" and finally by an annual Bach festival continuing three days.

Handkerchief's History

The handkerchief is one of the refinements of Roman civilization. It came into general use in polite society during the reign of Henry VIII of England. It is probably connected with ecclesiastical costumes and may have been an outgrowth of the maniple, which was originally of linen and worn over the fingers of the left hand, and used for the same purpose for which the handkerchief is now used. The pocket handkerchief was used to a certain extent in France in the Eighteenth century. At this period handkerchiefs were richly ornamented. Women adopted the use of colored handkerchiefs as soon as the taking of snuff became an established custom.

INTESTINAL INDIGESTION

Its Cause And the Remedy

Indigestion is not confined to the stomach, as fats and starches are principally digested in the small intestine after leaving the stomach; therefore the actual distresses of indigestion may occur lower down.

If the stomach and lower parts of the body are out of order, constipation results with loss of appetite, indigestion, biliousness, chronic headaches and very often severe bachache.

To cure this condition, nature's own remedy has been provided by a wonderful combination of roots and herbs now placed on the market under the name of Lebanon Herb Tablets. These little tablets contain no harsh purgatives, such as Salts, Calomel, etc., and sufferers are strongly advised to give them a trial. Your druggist or Wagner's Pharmacy can supply you.

MARRIED TWELVE YEARS BEFORE BABY CAME

Gladly Recommends Lydia E. Pinkham's Vegetable Compound

Louisville, Nebraska.—"I was married twelve years before my boy was born. I had a lot of female troubles and had been treated by a physician for them but they continued much the same. Then I read your advertisement in the newspapers and thought I would give Lydia E. Pinkham's Vegetable Compound a good trial, for if it had helped others, why not me? I have taken 36 bottles of the medicine and am never without it in the house. My baby boy is three years old now and I sure am happy since I got relief from my troubles. When any one has troubles like mine, or any ways like mine, I am always glad to recommend the Vegetable Compound so that they will get the right kind of medicine." — Mrs. JOE NOVAK, Box 662, Louisville, Neb

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.

THE NEED OF AMITY.

In Charleroi, as in every other community or borough, there is need of greater amity among the residents. The other day we heard an official of the town say that the borough typifies a class of citizens noted for their inordinate selfishness, their love of gain, and their little care or concern for their brother.

It is given to the reader to draw his conclusions as to the correctness of the statement of the borough official. But, if it be true, this is a poor spirit to exhibit and exercise in the up-

should be for one, and one for all."

We do believe that as a town grows in years, its people do become selfish to a greater or less extent. When Charleroi was in its incipiency, there were more people who were poor — that is, not as now when quite a number here are at least comfortably situated; and at that time there were closer ties, closer friendships than those which exist today; where Jones, who has attained a competency, is fairly "well fixed," or on the highway to success, financially, is apt to forget Smith, maybe at times actually snubs Smith.

This spirit is more true of the effete east than it is of the west, or was in the days when the editor perambulated through many of its states. However, since that time, the west has been developed with eastern people and eastern capital, and it may be that its people varies little in friendliness and amity, one for the other, from the east.

People should ever bear in mind that the closer the relationships, the closer the friendships, the residents of any town are in just this proportion will it progress in all those things that will contribute for its welfare.

DOLLARS OR LIVES IS HOSPITAL CRY

(Continued from First Page)

realized that there was a big need for a new and larger hospital building constructed along modern lines, of fireproof material," stated Mr. Woodward.

"If this need was imminent years ago it has certainly become more evident as years have gone by," continued Mr Woodward, "for the situation has become worse instead of better. The building is getting older. There is a growing demand for more hospital rooms. Every director on the hospital board will verify this statement."

"The present hospital has done good work in its way. Everyone realized that it was a residence transformed into a hospital and do not believe any director will contend that it ever was an ideal hospital. But it was the best we had and we had to have something."

"I can name lives that the old hospital has saved that would not be living today if it had not been for having that hospital Doubtless there are other lives that could have been saved if we had had a large and better hospital building and more modern equipment."

"The time has come for the citizens of this community to rally to the support of the movement to provie a building fund. We have been talking about getting a new hospital building for years and years. We have waited and waited—and we have waited in vain for some philanthropist to build us a hospital. We have waited in vain for George or somebody else to take the responsibility of getting the hospital. As a matter of fact, George is any citizen in the community. The responsibility rests on every individual. And every citizen will be expected to help."

"It will not be hard for every citizen to give what he can toward this building fund. Time enough will be given to make the payments, to allow anybody interested and willing, to help, to do their utmost. There is no question what the result of the money raising campaign will be if everybody will jump on the band wagon and give his share and help boost."

THE SUGAR PILL.

I met the maiden I adore
Upon the avenue;
She wore a stunning tailor-gown,
A dream of gold and blue.
A chap I hate was at her side,
And both of them, alas!
Were so absorbed in merry chat
That neither saw me pass.
I watched them enter a cafe,
Where oft we used to dine,
My fancy saw them vis-a-vis
Across the fruit and wine.
But one reflection gave a coat
Of sugar to the pill;
This time it was the other man
Who had to pay the bill.

LEADERSHIP

Firestone Leads on Speedway with Five Record Breakers

When the race driver selects his tires he does so realizing that his life and chances for success depend upon them. It is significant that all of the ten money winners in the Indianapolis race were Firestone shod. Firestone, using gum-dipping and other special processes, has developed tires to such a high degree of efficiency that at Indianapolis, May 30th, the following drivers broke the world's record for 500 miles over this brick track, making many rounds at over 100 miles per hour.

Never before were tires put to such gruelling service, where it was necessary for every ounce of rubber and every fibre of fabric to work in perfect unison with every other part.

Driver	Time	Miles per hour
Joe Boyer—L. L. Corum	5.05:23:51	98.24
Earl Cooper	5:06 47.18	97 99
Jimmy Murphy	5:08:25:39	97.27
Harry Hartz	5:10:44:29	96.55
Bennett Hill	5:11.07.00	96.46

Leadership in Everyday Service

Millions of motorists are profiting by the lengthened service of Firestone tires. Scores of unsolicited testimonials emphasize the long mileage Firestone Gum-Dipped Cords deliver—which builds leadership in service, safety and economy

Leadership on Cabs, Buses and Trucks

The largest taxicab companies in the five largest cities in the United States use Firestone Gum-Dipped Cords exclusively. One fleet alone, the Yellow Cab Co. of Chicago, uses over one-half million tire miles per day.

Firestone for years has been first to develop tires and rims complete which would meet the heavy trucking loads, great strains and demand for traction By originating and carrying forward the Ship by Truck movement, and establishing Ship by Truck bureaus in all large cities, Firestone helped to speed up highway transportation and reduce costs.

Balloon Tire Leadership

Firestone's latest contribution to motoring is the low air pressure or Balloon Tire. This, the original full-size Balloon, was made practical by the special Firestone Gum-Dipping process, insulating every fibre of each cord, adding great strength and stamina. Firestone has also simplified the application of full-size Balloon tires to your present car by designing a special unit consisting of tires, tubes, rims and spokes applied by any dealer at a very low cost.

Leadership Against British Rubber Restriction Act

Attacking the unsound and uneconomic character of the British Rubber Restriction Act limiting the exportation of rubber from the Far East, Firestone was the one large tire manufacturer to take up the cause for the car owner. Soon after the agitation was started for America to produce rubber under its own control, the cost of crude rubber was reduced and tire prices brought back to normal.

Dealer Leadership Through Tire Quality and Service

Through Firestone dealers you can obtain organized service and the soundest values on the market, whether you need a Ford 30 x 3½ Fabric, a set of full-size Balloon Gum-Dipped Cords or a 10-inch truck tire.

Mrs. Lloyd G. Wagner of McKean avenue, is entertaining the members of the Thursday Afternoon Bridge club at her home this afternoon.

The members of the U. N. I. club enjoyed a swimming party at the Allenport beach last evening. There were 10 present. After a dip in the water, weiners and marshmallows were roasted around a huge bonfire on the river shore.

The eighteenth annual institute of the Pittsburgh Conference of the Epworth League is being held at Mountain Lake Park this week. Among the delegates of the Charleroi chapter, Methodist Episcopal church, are: Misses Vida and Fay Goehring, Ruth Gass, Hazel Welch, Henry and Raymond Rossomme, Ray Chester and Norman Irose.

At her home in 310 Second street Miss Dee Sisley entertained the members of the Bee Tee club Tuesday evening. Card playing was the main diversion, the favors being won by Mrs. John O. Shook, Miss Dee Sisley and Miss Margaret Connors. Delicious refreshments were served by the hostess, and adjournment was made at a late hour. Tuesday, July 29, Miss Agnes Bezy of Crest avenue will be hostess.

The Junior Endeavor society of the Washington Avenue Presbyterian church held its annual picnic at the Twilight school house yesterday afternoon. There were a large number of members present and after a bountiful dinner, all joined in the sports of the day which consisted of bathing, races, shoe shuffle, dodge ball, baseball, and many other games. The superintendent, Mrs G. M Stewart, was assisted by Mrs. Gourley, Misses Elizabeth and Jennie Elliott and Mrs. Russell Blythe. Transportation to and from the park was made in Pfleghardt's truck, Ray Smith being the driver.

Mrs. J. P. Bohlander of 472 Highland avenue, entertained the members of the "Get-to-Gether" club at her home last evening, all members being present and an enjoyable evening was spent in playing cards. Favors were presented to Mrs. William Newton, Mrs. Sarah Houston and Mrs. Joseph Steck The three visitors present entertained by a number of vocal selections, which were highly appreciated At a late hour the guests repaired to the dining room, where a luncheon was served by the hostess assisted by her daughter Dorothy and Mrs Ed Steck, after which adjournment was made to meet again at the home of Mrs Mary Risher of Lincoln avenue, Wednesday August 13.

The Zellers family gathered at the home of Mr. and Mrs. William C. Hancock of Fallowfield avenue last evening and appropriately celebrated [illegible] birthday anniversary of their father, William H. Zellers a pioneer and prominent resident of this borough. At 6 o'clock the family assembled around a prettily decorated table in the dining room and enjoyed a bountiful meal, after which the balance of the evening was spent in reminicent converse of the family circle. Mr. Zellers was presented with a number of appropriate gifts. With the exception of Harry Zellers, the elder son, of Swissvale, who was unable to attend on account of the illness of his son, "Billy," every member of the family was present, namely: Mrs. Margaret Schleyer, Mrs Harry Mann of Donora, Mrs Claude F. Jenkins, Mrs. W C. Hancock, Walter Zellers, Misses Honeybee and Sudye Zellers.

Leaving Charleroi by motor yesterday morning, Miss Grayce Helen Gaskill, daughter of Mr and Mrs Samuel H. Gaskill of 437 Fourth street, North Charleroi, and Martin Edgar Anthony, son of Mr. and Mrs. John Anthony of 100 Eighth street, Charleroi, were married in the parsonage of the United Brethren church at Cumberland, Maryland. The ceremony was solemnized at 1:30 yesterday afternoon by Rev P. E. Blakney, pastor of the church. They were unattended The bride who is a graduate of Charleroi High school in the class of 1924, was attired in a tan canton crepe gown with hat to match. They returned to the home of the bride's parents last evening, and will continue to make their home there for the present. The groom, an estimable young man of Charleroi, is employed by the Bell Telephone company at Pittsburgh. The bridal pair are very wellknown in the community.

Announcement has been made of a pretty home wedding which took place last Thursday evening at 6:30 o'clock at the home of the bride's mother, Mrs. Sarah Washabaugh, of the Hill Church road, near Washington, when Miss Anna Grave Washabaugh, became the bride of Walter Carson of Meadow avenue. The Washabaugh home was beautifully decorated with sweet peas and Dorothy Perkins roses. The ceremony, which was witnesses by a large number of friends and relatives, was performed by Rev. D. D. Keibl. A four-course dinner served in the dining room was enjoyed by the guests at the conclusion of the ceremony, after which Mr. and Mrs. Carson started on a western automobile trip. The bride has been a popular teacher in the Canonsburg public schools. while Mr. Carson is wellknown in the borough.

WITH THE PRESIDENTIAL CANDIDATES TODAY

President Coolidge—Mr. Coolidge spent the day at his desk as usual transacting routine business, holding political conferences with visiting Republican leaders and handling official correspondence.

Senator La Follette—Senator La Follette held final conferences with his leaders in preparation for the meeting of the Progressive National committee tomorrow when it will name his vice presidential running mate and iron out financial arrangements for his campaign. A long list of prospective callers were unable to see him because of the press of other matters He is also said to be preparing a statement to the committee

John W Davis—The Democratic nominee met party leaders at his new headquarters in the Murray Hill hotel today. During the day he is expected to announce his choice for the chairman of the Democratic national committee. He will wind up office routine preparatory to a 10-day vacation in Maine.
